Orders

Q1: How do I place an order on RetailHub? A: Browse or search for a product, select the desired variant (size, color, model), tap "Add to Cart" or "Buy Now," choose your delivery address, select a payment method, and confirm the order. You will receive an order confirmation via SMS, email, and in-app notification.

Q2: Can I modify items in my order after placing it? A: Once an order is placed, individual items cannot be added or removed. However, you can cancel the entire order before it is shipped and place a new one with the correct items.

Q3: How do I check the status of my order? A: Go to **My Orders**, select the relevant order, and view its current status: Order Confirmed, Packed, Shipped, Out for Delivery, or Delivered.

Q4: Can I place an order for delivery to someone else's address? A: Yes, you can add multiple delivery addresses to your account and select any of them at checkout, including a friend's or family member's address as a gift.

Q5: What happens if a product in my order goes out of stock after I've ordered it? A: In rare cases where inventory sync delays occur, we notify you immediately and offer a full refund or the option to wait for restocking, whichever you prefer.

Q6: Can I place a bulk order for a business or event? A: Yes, bulk orders of 10 or more units can be placed through our Business Accounts portal, which offers volume pricing and a dedicated account manager for large orders.

Payments

Q7: What payment methods does RetailHub accept? A: We accept UPI, Credit Cards, Debit Cards, Net Banking, Cash on Delivery (COD), and RetailHub Wallet balance. EMI options are available on select cards for orders above ₹3,000.

Q8: Is it safe to save my card details on RetailHub? A: Yes, saved card details are tokenized and stored in compliance with RBI's card-on-file tokenization guidelines; RetailHub does not store your actual card number on its servers.

Q9: Why did my payment fail even though money was deducted from my account? A: This can happen due to a bank-side timeout. In such cases, the amount is automatically reversed to your account within 5–7 business days. If it isn't reversed, contact support with your transaction reference number.

Q10: Can I split payment between two methods? A: Currently, split payment is supported only between RetailHub Wallet and one other payment method (card, UPI, or net banking) at checkout.

Q11: Is Cash on Delivery available for all products? A: COD is available for most products under ₹50,000, except Same-Day Delivery orders, international shipments, and select high-value Electronics, which require prepaid payment.

Q12: Do you offer No-Cost EMI? A: Yes, No-Cost EMI is available on select Electronics, Appliances, and Furniture purchases above ₹5,000 when paying with participating bank credit cards, shown at checkout.

Refunds

Q13: How long does a refund take to process? A: Refunds to RetailHub Wallet are instant. Refunds to bank accounts or cards take 5–7 business days, and UPI refunds typically take 2–4 business days after the returned item passes quality check.

Q14: Why is my refund amount less than what I paid? A: This usually happens when a coupon-based discount required a minimum order value that is no longer met after a partial return, or when a nominal reverse shipping fee applies for non-defective returns.

Q15: Can I get a refund without returning the product? A: Refunds without a return are only issued for lost packages, cancelled-before-shipment orders, or confirmed cases where the seller cannot fulfill the order.

Q16: How do I check my refund status? A: Go to My Orders > select the order > Refund Status, which shows each stage from initiation to completion, along with the expected credit date.

Q17: Can a refund be credited to a different bank account than the one used for payment? A: No, refunds are credited only to the original payment source for security reasons, except COD orders, which can be refunded to a bank account of your choice or RetailHub Wallet.

Q18: What if my refund is delayed beyond the stated timeline? A: Contact our support team with your order ID and refund reference number; delayed refunds are escalated to our payments team and typically resolved within 2 additional business days.

Returns

Q19: What is the return window for most products? A: Return windows vary by category, ranging from 7 days for Electronics and Appliances to 15 days for Fashion and Books. Full details are available in our Return Policy document.

Q20: Can I return a product if I simply changed my mind? A: Yes, "changed my mind" returns are accepted within the applicable return window, provided the product is unused and in original condition, though a small reverse shipping fee may apply.

Q21: How do I schedule a return pickup? A: Initiate the return under My Orders, select a reason, and choose an available pickup slot; most cities offer next-day pickup by our logistics partner.

Q22: What if the delivery partner misses my scheduled return pickup? A: The pickup is automatically rescheduled for the next available slot, and no action is needed from your side; repeated missed pickups can be escalated to support.

Q23: Are there any products that cannot be returned? A: Yes, items like opened beauty products, innerwear, perishable groceries, and customized products are non-returnable, as detailed in our Return Policy document.

Q25: How do I know if my product is still under warranty? A: Visit My Orders > Warranty Claims, select the product, and the system automatically displays the remaining warranty duration based on the delivery date.

Q26: Does RetailHub handle warranty claims directly, or do I contact the brand? A: For most Electronics, Appliances, and Laptops, RetailHub facilitates the claim and coordinates with the brand's authorized service center on your behalf.

Q27: Is physical damage covered under warranty? A: No, warranty covers manufacturing defects only. Physical damage from drops, spills, or misuse is excluded, though paid out-of-warranty repair is usually available.

Q28: Can I extend my product's warranty after purchase? A: Extended warranty plans must generally be purchased at checkout or within 15 days of delivery for eligible Electronics and Appliances.

Q29: What documents do I need for a warranty claim? A: You typically need the original invoice (auto-linked for RetailHub orders), the product's serial number or IMEI, and photos or videos of the defect.

Q30: How long does a warranty repair usually take? A: Standard warranty repairs are completed within 7–10 business days at an authorized service center, though this can vary by brand and part availability.

Q36: Can I change my delivery address after placing an order? A: Yes, as long as the order status is still "Order Confirmed" or "Packed." Once it shows "Shipped," the address cannot be changed.

Product Availability

Q37: A product I want shows "Out of Stock" — when will it be restocked? A: Tap "Notify Me" on the product page to receive an alert as soon as it's back in stock; restocking timelines vary by supplier and demand.

Q38: Can I reserve an out-of-stock product? A: RetailHub does not currently support pre-payment reservations for out-of-stock items, but the "Notify Me" feature ensures you're alerted the moment it's available.

Q39: Why do I see different prices for the same product on different days? A: Prices may fluctuate due to promotional campaigns, festive sales, or supplier cost changes; RetailHub does not guarantee price consistency over time.

Q40: Does product availability differ by delivery location? A: Yes, some products are fulfilled from regional warehouses and may show limited availability or extended delivery timelines in certain pin codes.

Q41: How can I check if a product is available in a specific size or color? A: Available variants are shown directly on the product page; greyed-out options indicate that specific variant is currently out of stock.

Q43: What happens if two customers order the last unit of a product simultaneously? A: Our system processes orders on a first-confirmed-payment basis; if a conflict occurs, the second customer receives an immediate refund and notification.

Q49: Does RetailHub recommend products based on my reviews? A: Yes, products you've rated highly influence future recommendations within similar categories and price ranges.

Q52: Can I use multiple coupons on a single order? A: No, only one coupon can be applied per order, though coupons can sometimes be combined with ongoing bank offers.

Q53: Do coupons apply to shipping charges? A: Some coupons are specifically for free shipping and apply only to delivery charges, while product discount coupons apply to the item price only, unless stated otherwise.

Q54: What happens to my coupon discount if I return part of the order? A: If the return causes your order to fall below the coupon's minimum value requirement, the coupon discount is proportionally deducted from your refund.
